

Swisslaser/EPMT/2009

- Please be welcomed to the 2nd Swisslaser/EPMT conference
- Eight presentations from recognized experts from leading institutes and leading companies in the field of micromachining by laser beams
- Goal is
 - to show you state of the art as well as future potential of this new method of micromaching parts
 - keep you and your company at the forefront of technology
- Talks will be published on our website
 - www.swisslaser.net , under “Veranstaltungen”, “Archiv”
- If you have ideas for development projects and you need support (financial from funding agency or know how) please contact me directly
- I wish you a very valuable conference
 - Dr. Christoph Harder, President Swisslaser Net, harder@swisslaser.net
