Strengthen innovation forces and your career

1. Your know-how

- ✓ Education at an excellent University
- ✓ Learn the trade from a key Professor
- ✓ Question and understand present state of the art
- ✓ Present at conferences

2. Know your company

- Companies need to earn money
- Understand how your work could lead to a positive business case
- Understand how your manager ticks
- Understand the companies activities

3. Know the network

- ! Keep in contact with your alma mater (nourishing mother)
- ! Talk you colleagues at Swissphotonics workshops
- ! Become maember of associations
- ! (Silicon valley: Switch companies)
