

360 CARLA Career in Photonics Symposium

WELCOME !

Pierre-Yves Fonjallaz
&
Guido Hennig

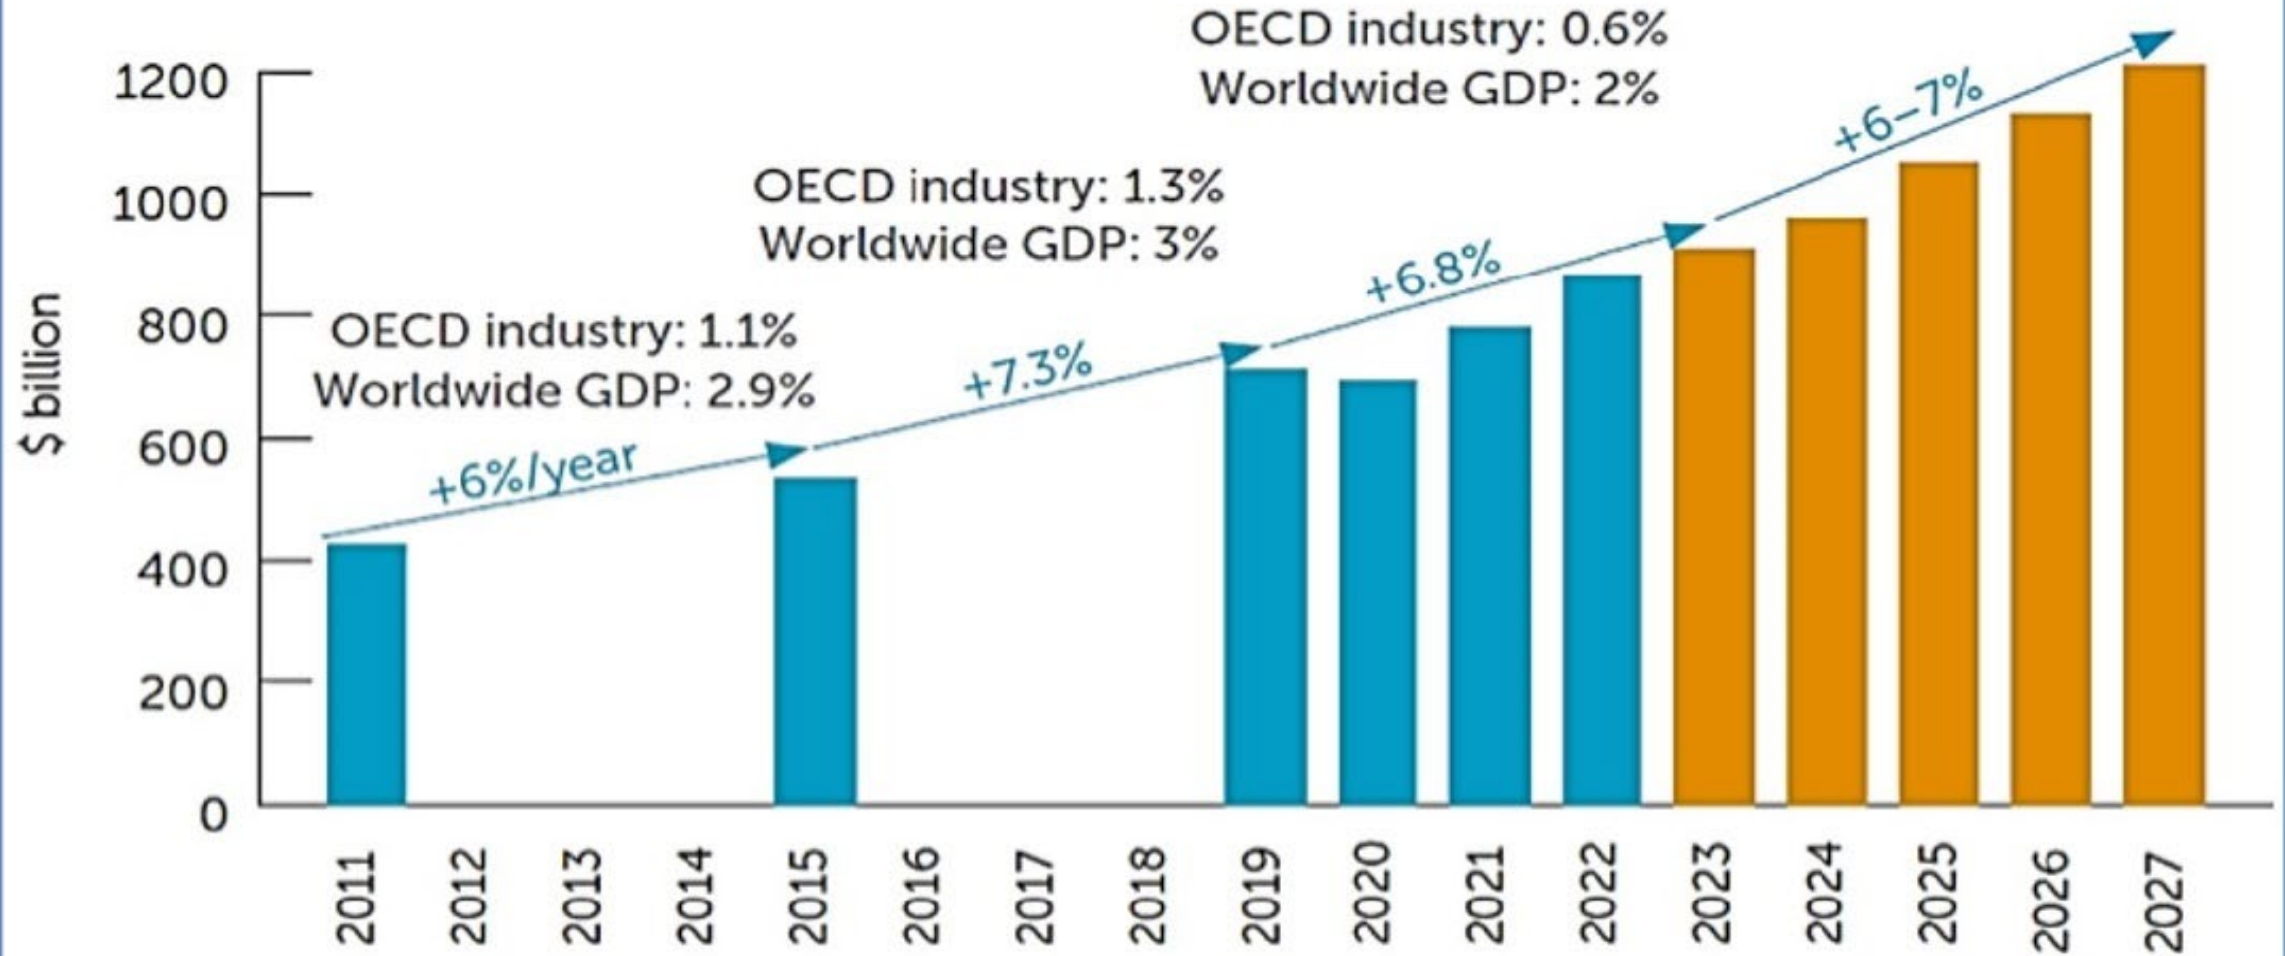

Main objective: ***Your active participation!***

- Listen! Observe! Ask!
- Explore the Companies!
- Chat and Network!
- Promote Yourself!
- Get Inspired!

Photonics is increasingly important! You are the next generation to push it forward (....green?)

Photonics worldwide market size

The Consortium of the 360 CARLA project: 12 partners throughout Europe!

<https://carlahub.eu/>

Funded by This project has received funding from the European Union Horizon Europe research and innovation program under grant agreement No 101135838

360 CARLA project's 4 Verticals

**Manufacturing /
Industry 4.0**

**Health: Biotech and
Medical Photonics**

**Quantum Technologies
and Communications**

**Energy,
Environment
and Sustainability**

Carla

Career Symposium

Burgdorf (Bern)

Career in Photonics Symposium

7-8 May 2026

Organization:

&

Part of the 360 CARLA EU project

PHOTONICS PUBLIC PRIVATE PARTNERSHIP

In collaboration with:

We Warmly Thank all our Sponsors!

About the Participants (137 in-person registered)

Affiliation of the 137 registered Participants (in-person)

What we can say about these two days:

- Students/young researchers have met Industry!
- A lot of time for increasing your network!
- Inspired by a lot of interesting technologies!
- Discovered many green photonics opportunities!
- We had fun!

360 CARLA Career in Photonics Symposium

Thank you !
